## Hello, Time Travellers!

Can't stop! Being chased! By things that look a bit like lobsters, only each one's the size of a house. They're not really lobsters, they're Snee. 'Hello,' I said to them, all nicely. But of course in Snee, 'Hello' means something quite rude. So, you keep reading, I'll keep running. Deal? Waaah!

# DISASTER PLANS

EXPLORE THESE DODGY DALEK PLOTS TO REIGN SUPREME!

1

## CREATE DALEK-HUMANS

### PLAN:

The Cult of Skaro has been created to ensure the survival of the Dalek race through any means. Even if that involves splicing with inferior life forms such as humans. Dalek Sec, we promise you won't look ridiculous.

OUR CALCULATIONS REVEAL THAT DALEK-HUMANS WILL BE AWESOME!

WE SHALL CLEANSE THE UNCLEAN. AND BY UNCLEAN, WE MEAN YOU!

SEC, YOU ARE THE SHAME OF THE DALEKS - AND YOU LOOK SILLY!

### THINGS TO WATCH OUT FOR:

THE DOCTOR

HUMAN COMPANION WITH HIGH IQ

### MATTERS OF NO RELEVANCE TO THE SUCCESS OF THIS PLAN:

We are so evil and superior that our DNA will in no way be altered by human emotions. Daleks do not feel love or pain. We are too busy creating Pig Slaves. They will prosper.

Oink?

### FAILURE REPORT

// This idea was a true failure. Humans reek of humanity and kindness. They are unworthy of Dalek DNA. Also, why Pig Slaves? Dolphins are superior! //

## TRAP DOCTOR IN A BOX

FREE  
BOW TIES  
INSIDE ►

PUT THE DOC IN THE BOX. EASY.

### TRIVIAL ISSUES THAT NEED NOT DISTRACT US:

There is no way the Doctor can escape the Pandorica. He would never think of travelling back in time and releasing himself. The human known as Mr Pond will be of no use because he is an Auton. They are just plastic.

### PLAN:

Join an alien alliance of the Doctor's least inferior enemies. Trick the Doctor into entering the Pandorica. Then the universe will be saved. Then Daleks will work towards ending the universe. Dalek logic does not have to make sense.

### THINGS TO WATCH OUT FOR:

THE DOCTOR

CYBERMEN RUINING  
EVERYTHING

### FAILURE REPORT

// The universe ended. This is a negative result. This is worse than the time Daleks had to make cups of tea for humans and pretend to be nice. Dark days... //

## HIDE OUT IN A MUSEUM

### PLAN:

Look interesting, so if the world ends and we become fossils, we will get put in a museum with the Pandorica. Once inside, wait for the restorative light of the opening Pandorica, charge up and exterminate the Doctor and his inferior companions.

### THINGS TO WATCH OUT FOR:

THE DOCTOR  
(IN A FEZ)

THE LAST CENTURION  
(HE HASN'T BEEN  
SEEN FOR AGES!)

### ITEMS NOT REQUIRING ATTENTION:

There is no way Amelia Pond can survive. Her useless plastic boyfriend must be long gone. The Doctor has a new hat, this should distract him from Dalek target practice.

CHARGING UP!

### FAILURE REPORT

// Direct hit to the Doctor, but he flew the Pandorica into the exploding TARDIS and reset the universe anyway. Who made the Pandorica able to fly? We blame the Cybermen. //

## PEGGY AND THE PEG-DOLL SOLDIER ANSWER YOUR QUESTIONS!

These exercises help my achy limbs!

**Do you have creaky joints and do you use oil on them?**

**Doctor Who Adventures reader David Goldberg**

**Peggy:** Ooh, you're not

wrong, David. My poor old

elbows! And don't even get me started on my knees!  
**Soldier:** No, don't get her started on her knees or we'll be here all day. She can't half go on!

**What's your favourite nursery rhyme?**

**Elliott Moran**

**Peggy:** I like *There Was an Old Woman Who Lived in a Shoe*, because I've never lived in a shoe and it sounds quite exciting!

**Soldier:** The *Grand Old Duke of York* is good. I've marched up and down a few hills in my time, let me tell you.

**Have you ever had a splinter?**

**Jack Arnold**

**Peggy:** The very idea! I'm a quality carving!

**Attention, Peg-Doll Soldier! How did you lose your left arm? At ease!**

**Lewis Griese**

**Soldier:** I don't like to talk about it.

**Peggy:** He was being played with by a giant child and the string broke.

**Soldier:** I said I don't like to talk about it. You can be so embarrassing.

There's no 'arm in wanting to play!

"I DON'T AGREE WITH THIS NEWFANGLED PLASTIC"  
**PEG-DOLL SOLDIER**

**Why do you always want to play?**

**Lewis Gennery**

**Peggy:** All intelligent creatures play. Even human beings.

**My sister has a dolls' house - do you sneak around in that?**

**Ryan Smith**

**Peggy:** No!

**Soldier:** Be honest, now.

**Peggy:** All right, yes, on Fridays.

**What is your favourite food and is it made of plastic?**

**Caitlin Jenkins**

**Peggy:** I like wooden chocolate, but it's bad for my hips. Because it's quite heavy.

**Soldier:** I don't agree with this newfangled plastic. Wood and string are better.

**Why did you turn Amy into a Peg-Doll?**

**Max Headford**

**Peggy:** So she could play with us forever!

**Soldier:** It's a game. The best way to understand the rules is if you take my hand... What? Why are you running away?

Your turn, fish face.

I'm not a fish, you ape.

THIS WEEK WE LOOK AT THE REGENERATION OF THE FIFTH DOCTOR

# PUNCH & JUDY TRAP

WORDS CHRISTOPHER COOPER  
ART JOHN ROSS  
COLOURING ALAN CHADBOCK

A BIRTHDAY PARTY  
IS IN FULL SWING.

That's the  
way to do it!  
Give us a  
*cheer!*

Roll up,  
roll up. Are you  
ready to meet  
*Mister Punch*,  
everybody?

Hello, *boys and girls*.  
I need you to get as excited  
as possible! Now, look  
into my *eyes*...

YAAAAAY!

WOOOO!

BUT ALL IS NOT  
AS IT SEEMS...

Got 'em all under  
*hypnosis*. How's it going,  
Judy? Are the *psych*  
*batteries* charged yet?

The *Harvester Pods*  
are feeding on the children's  
mental energy. The sooner we  
power up the *star-drive*,  
the sooner we get off  
this *rock*.

I'm getting too *old*  
for live theatre. It's a  
young *Punchellion's*  
game.

WOBWOBWOB

You've got those  
kids *way* too excited.  
The *neuron drive* is  
going to blow!

This is all *your* fault.  
*Easy money* on Earth, you  
said, and now your rotten old  
ship has *ripped* a hole in  
space/time.

My fault? I only  
married you because you're  
an *engineer*! I should have  
listened to your mother...  
*Abandon ship!*

WOOOOOSH

NEARBY...

A *duck pond*.  
We've crash-landed  
in a duck pond.

My TARDIS is  
getting *soggy*! When  
I find out whose been  
messing with the *fabric of  
the universe*, we're going  
to have words.

Quack!

How do we find  
out what *knocked* the  
TARDIS out of the  
*Time Vortex*?

I could *knock up*  
a quantum reality filter to  
*sniff out* the epicentre of  
the rift... or I could just  
ask *those* chaps.

**RRRARGH!**

This is *bad*.  
Anti-matter Variforms -  
*carnivores* that feed on  
your worst *fears*.

Alien *space  
crocodiles*! Why is it  
nothing *nice* ever pops out  
of other dimensions?

This looks  
like it's the  
*source*.

The sooner we  
*plug that hole*, the  
better. I've just seen  
a *clown* chasing a  
*police car*.

Can we get  
*inside*, please?  
I think these  
*anti-matter  
babies* need  
changing.

**NEE-  
NAW!**

What's *wrong* with these kids? It's like they're in a *trance*. And their parents, too.

The rift is above that *puppet booth*. I'm going to take a closer look.

THE DOCTOR DISCOVERS THE TERRIFIED CREW...

A *Punchellion Entertainment Cruiser*, fuelled by happy thoughts and *mental energy*. Right, you two. I want a *word*.

Don't hurt us, please - we didn't *mean* this to happen.

We got *stranded* when our ship malfunctioned. We needed a new *power source*, but human minds are too *excitable*...

Thanks to you, most of the human minds around here are *scared silly*. That rift needs to be closed. Are the ship's *atmospheric thrusters* still working?

I need to *pilot* your ship right into the rift and *implode* the *warp core*. Where's the *cockpit*?

Ah...

Even someone as *bendy* as you couldn't squeeze in there.

No, Punch. I won't let you. You may be a *scoundrel*, and an *awful actor*, but I *do* love you. It was my dodgy repairs that caused this, so I'll fly it.

*Neither* of you are flying it. I've got an idea. All I need is this *ball of string*, a bit of *luck*, and the smell of the *grease paint*...

How else would we get from one *show* to another? Neither of us can reach the *pedals* in an Earth car.

Ahem... This is all *my* fault. I'll fly it.

THE DOCTOR MAKES  
SOME MODIFICATIONS.

String  
technology!  
I just need to  
*operate the*  
*controls* with tiny  
tugs on each of  
these strings.

You're going  
to fly the ship  
like it's a  
*marionette*?

You'd  
better make  
it *quick*. More  
anti-matter  
*beasties* are  
coming through.

We have  
*lift-off*!

THE LITTLE SPACESHIP  
LURCHES INTO THE RIFT, AND...

**FZZZZT!**

**ooooooooooooommm**

YES!

Hole  
in one!

And the  
creatures are  
*disappearing*.  
You did it!

Hey, the puppet  
show is over. That  
was *brilliant*!

Puppets have  
certainly *changed*  
since I was young!

Three cheers  
for Punch and Judy.  
*Yay!*

Better  
take a *bow*,  
everyone.

They love us!  
That's the way  
to do it!

# CLOCK WORK!

I've waited an eternity for a game like this!

WE TALK EXCLUSIVELY TO DAVID BRYHER,  
WRITER OF THE NEW DOCTOR WHO  
COMPUTER GAME, THE ETERNITY CLOCK!

## WHAT'S THE GAME ABOUT?

"The TARDIS is caught in a **time storm** so powerful it could tear Earth apart! The Doctor and **River Song** discover that an ancient artefact - the Eternity Clock - is causing the chaos."

Hello? I'm in a computer game? How splendid!

"To save Earth, the Doctor must defeat **four groups of fearsome foes**. Each group has a piece of the clock and they're each using it in different and sinister ways."

## WHAT MAKES IT COOL?

"It's the **best** Doctor Who video game ever! It's all about **puzzles, mysteries, chases, monsters, laughs, scares and thrills** - everything you see on TV!"

I WANT TO PLAY AS THE DOCTOR!

I want to play as River.

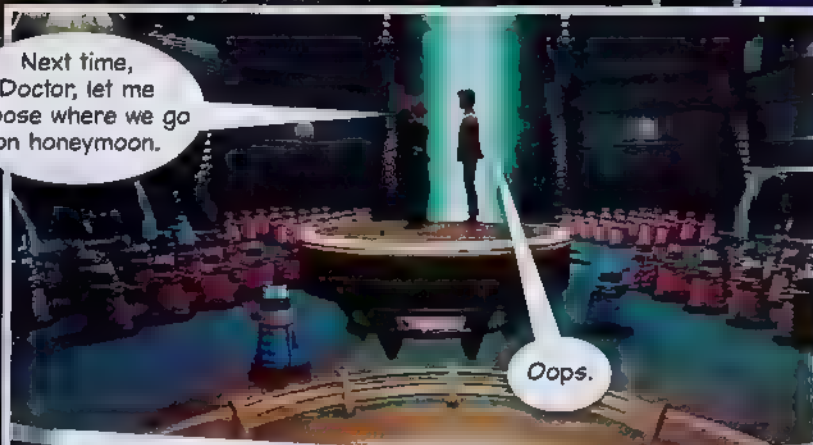

The **two-player option** is brilliant, where one of you plays River and one the Doctor. The Doctor might have to unlock doors with the **sonic screwdriver** or hack into **Dalek teleports**, while River has to distract the monsters - or **zap** them!"

## WHAT'S THE BEST BIT?

"Being chased through **London's sewers** by dozens of marching **Cybermen**! It's so tense. The Doctor and River must keep running, while helping each other and solving puzzles."

Next time, Doctor, let me choose where we go on honeymoon.

"And it was a **dream come true** to create new scenes featuring the Doctor and River. Knowing that **Matt Smith** and **Alex Kingston** would provide the voices made me work even harder!"

## HOW LONG DID IT TAKE TO WRITE?

"The story and shape of the game were set out before I came on board in **July last year**. I wrote the **scripts for the scenes**, as well the Doctor and River's dialogue, and then page after page of monster shouting! It was a **huge job** but every minute of it was fun."

What do I do next, David?

Hiss!

DOCTOR WHO

ORIGINAL  
CHARACTER

DOCTOR WHO

And I'm not finished! We're working on the first downloadable extra, a **new mini-game** that follows *The Eternity Clock*. I can't say what it's about, but fans will love it!"

# DOCTOR DOCTOR!

DO YOU HAVE A PROBLEM THAT NEEDS SOLVING? THEN ASK THE DOCTOR!

## PERFECT PETS

Dear Doctor,  
I would really like a pet,  
but Mum is allergic to fur.  
Are there any alien pets  
you would recommend? But  
please, no slime.

Lucy Hayter

### THE DOCTOR REPLIES

Don't be silly! You know you are with a blob of green goo. It doesn't need to be furry, does it? Either because you know, if you're already happy having a gloopy slimy mess living on the carpet, you're probably not too worried about the other stuff. But what about a robot dog? They don't have fur. Or maybe a pet pebble! Easy.

Dog  
slobber!  
Yuck!

Sorry,  
I have a  
cold.

## BIRD BRAIN

Dear Doctor,  
I think a Cyberman  
has been fighting  
the birds in my  
granny's garden!  
Patrick Bull

### THE DOCTOR REPLIES

Magpies, isn't it? They like shiny things. Cybermen are super-shiny, so it was always going to get ugly. Usually, it's Daleks versus hedgehogs, fighting over a bowl of milk left out by a kindly old lady like your granny. Thing is, you should never leave milk out for a Dalek. It doesn't agree with them.

# HANDY HAND

Dear Doctor,  
The Tenth Doctor  
lost a hand in a fight  
with the Sycorax  
Leader. How many  
times have you needed  
to regenerate a limb?  
George Baker

I hope  
my gloves  
still fit.

## THE DOCTOR REPLIES:

Well, every time, really. Limbs, teeth, toes, eyeballs,  
dirty socks - everything goes. Maybe not the socks,  
but I try and get at least one new pair every regeneration.  
Last time, I made sure everything was in place the second  
I stopped doing the exploding thing, and then I made  
a special effort not to lose my hand. Turns out, so good.

# EYE, EYE!

## KOVARIAN TELLS IT LIKE IT IS!

DEAR MADAME K,  
What's the dumbest thing  
you've ever done?  
Luke Wynne

Manners,  
young  
lady!

## MADAME K REPLIES:

Hmm. It was either the time  
I tried to get at the Doctor by  
stealing a baby girl from his friends  
and brainwashing her to become  
my little hater, or the time I thought  
I was the only one to say "then  
you to the man in the sweet shop. Oops

# MARK III TRAVEL MACHINE

First seen in the  
Fourth Doctor adventure  
*Genesis of the Daleks*, 1975.

The Mark III Travel Machine is a tank-like shell operated from inside by a Kaled mutant. It was created by the Kaled scientist Davros, who soon gave this mix of mutant and machine a new and terrifying name - Dalek!
